## FOR LIFE

*helping little hands do big things*

***Want to work with The Premier Training and Therapy clinic in Houston? Want to work in a growing Multidisciplinary Therapy Clinic?*** We are moving into a state-of-the-art therapy center with multidisciplinary teams of aba, speech, and occupational therapy for children ages 18 months to 6 years of age.

We are seeking a Board Certified Behavior Analyst (BCBA) to join our growing team of behavior, speech and occupational therapists. The Behavior Analyst (BCBA) works as an integral member of the multidisciplinary treatment team addressing skill acquisition and behavior reduction for children with autism in a uniquely designed mock classroom, preschool setting. The BCBA is actively involved in functional assessments, development of positive behavior support plans, staff training, consultation, data collection and analysis, caregiver training and support, and overall maintenance of behavioral assessment and treatment protocols. Our culture supports close relationships across the disciplines to treat the whole child. Children receive individualized instruction in communication, play, socialization, self-care, cognitive development, and motor skills utilizing the principles of applied behavior analysis.
